

INVITATION TO BID

Project: **TOWN OF EAGLE LOWER BASIN WATER TREATMENT PLANT**

Bid Date: February 6, 2018, 2:00 PM MST

Project Location: Eagle, Colorado

Project Start Date: Summer 2018

For General inquiries contact Karen Calabro (303) 439-2837

MWH Constructors (now part of Stantec) is requesting quotations from certified MBE/WBE/SBE/DBE firms for the Town of Eagle Lower Basin Water Treatment Plant (WTP). MWHC is under contract to perform the construction of the LBWTP Project and is providing a GMP (Guaranteed Maximum Price) to the owner mid February 2018. Significant revision to the scope of work (Contract Drawings & Specifications) have taken place since the projects initial bid in September of 2017.

Project Summary:

The LBWTP Project will include, but is not limited to, the following major elements:

- New Lower Brush Creek diversion and raw water screening structures
- New raw pump station with in-line auto-backwashing strainers in a dedicated onsite building
- New treatment building

Message to Bidders:

We are soliciting subcontractor and supplier bids for all divisions of work required by this project.

MWHC intends to negotiate with qualified MBE/WBE/SBE/DBE firms & will, at its sole discretion, assist in obtaining bonds, lines of credit & insurance. Bonding may be required.

Plans and specifications may be reviewed in our Broomfield, CO office and on our ISqFt online planroom. Please call Karen Calabro at (303) 439-2837 for an invitation to view the project online.

Invitation Notes:

Submit Bid & DBE Certificate(s) to: Karen.Calabro@stantec.com
